**8<sup>th</sup> Mile, Mysore Road, Bangalore-560059**

• **Extended Guidelines to the existing one (Ref [1]) for Hostel Members' (HM) Guests (planned and unplanned).**

- For a planned guest, prior permission is required from the Warden.
- Guests are only allowed to enter through the Main/Front gate. Before entering the campus, the HM must maintain the register (present at the security gate) for the guest. If the HM is unwilling to do so, the security personnel are instructed to deny the guest entry to the campus.
- The hosting HM must take responsibility for the guest in the event of the guest's association with an unwanted incident.
- Entry of the guest to the HM room is subject to the consent of the fellow member (if any) of that room. A fellow member has the right to allow or deny others' guest access to their room.
- A maximum of 2 hours is allowed for guests (except the parents and guardians). Beyond that, HM should update the security personnel at the gate.
- No guest is allowed between 10pm and 6am.
- The HM and the guests should follow the instructions/suggestions (if any) of the on-duty security staff.

• **Extended Guidelines to the existing one (Ref [1]) for HM**

- The HM is not allowed to perform any repair/cleaning work in their room by any outside vendor. It is suggested to inform the administration about the issue.
- The HM should carry the ID card while passing by the Gates (Front and Rear). Security staff may ask to show the card.
- By some means, if the HM is entering the campus between 11pm and 5am, he/she has to fill the register at the Main/Front gate OR the declaration form at the Rear gate.
- It is expected that HM will strictly adhere to those mentioned above and the existing guidelines (Ref [1]).
