- Do you find the worksheets useful to do (i.e in terms of learning the material) ?
- Would you like to do more statistics with pre-prepared R code ?
- Would you like more training in R with worksheets for the next four weeks ?
- I find interaction during worksheet sessions minimal. Are your whatsapp subgroups or chat subgroups in each room buzzing ?
- I find I am not able to have an interactive worksheet session. Do you have any ideas to make them interactive ?
- Timing has been done till 5pm on Worksheets. Are you able to complete them by 11am if you try ?

Do you find the worksheets useful to do (i.e in terms of learning the material) ?

I find interaction during worksheet sessions minimal. Are your whatsapp subgroups or chat subgroups in each room buzzing ?

0 3 3

Yes

No

Not part of it but it may be

I find I am not able to have an interactive worksheet session. Do you have any ideas to make them interactive ?

(1/2)

- Maybe the worksheet can be assigned on the previous evening, so that the students could have read the questions before the class/ worksheet session and students will know their doubts beforehand
- More discussion and ways to solve it.
- Discussion of worksheet in class
- If you could give certain hints to the questions
- No it better the way it is.
- explanation of question.
- Have whatsapp/telegram group in which students from other programmes are also there who are crediting this course
- Few hints with the questions
- make it mandatory to discuss all questions in the worksheet in the class itself, so that only writing is left after the class?
- If you can write some codes with us. If we can see the codes together.
- Giving a shorter time limit, for instance 1hr or something

I find I am not able to have an interactive worksheet session. Do you have any ideas to make them interactive ?

(2/2)

- We get engrossed in the questions, maybe that's why interaction is low
- Worksheet solving tutorial
- A brief explanation of question may help.

**Timing has been done till 5pm on Worksheets.
Are you able to complete them by 11am if you
try ?**
